INTRODUCTION

Now firmly established as one of the most important fixtures in the geotechnical calendar, the 9th and 10th of July saw the return of the UK's largest dedicated geotechnical conference and exhibition – Geotechnica 2025.

Back at the Warwickshire Event Centre for its sixteenth edition, Geotechnica once again brought together visitors, exhibitors, and speakers from across the ground engineering sector and its associated industries.

We are delighted to confirm that Geotechnica 2025 attracted over 1000 registered attendees for the third straight year, with record-breaking exhibitor numbers and a programme of technical talks that celebrated the very best of the industry's past achievements while also looking firmly to its future.

The exhibition halls and outdoor areas were packed with representation from every corner of the supply chain. From clients such as National Highways, to consultancies like RSK Geosciences, through to contractors including BAM Ritchies and Geotechnical Engineering, specialists like SoilCloud, and leading suppliers such as GenAir and Davis Trackhire – every link in the chain was represented.

Our thanks go to our exhibitors, speakers, and sponsors, with particular recognition for our Platinum Sponsors, Borehole Solutions, whose sponsorship of the Evening Networking Dinner proved to be a real highlight of the event.

We also extend our gratitude to our Gold Sponsors: Davis Trackhire, Forkers, GenAir, Grassform Group, John Lawrie Tubulars, MGS and Seequent.

Thanks also to our Silver Sponsors: Oasys, Robertson Geo and Soil Engineering, and to our Bronze Sponsors: European Geophysical Services, Fielders, Geosense, Geoterra, Groundsure, In-Situ, Leca UK, Pebble Geo, Soil Instruments and TerraDat.

With the support of our sponsors, partners and industry trade associations – the AGS, BDA and GSHPA – Geotechnica 2025 was not just a trade show, but a true celebration of all things geotechnical and ground engineering.

On behalf of the organising team at Equipe Group, I would like to thank everyone who attended, exhibited, and supported the event – and we look forward to welcoming you back to Geotechnica 2026.

2025 EXHIBITORS

A huge thank you to all of our exhibitors for Geotechnica 2025 - we hope you had a great experience and we look forward to welcoming you back for a future event!

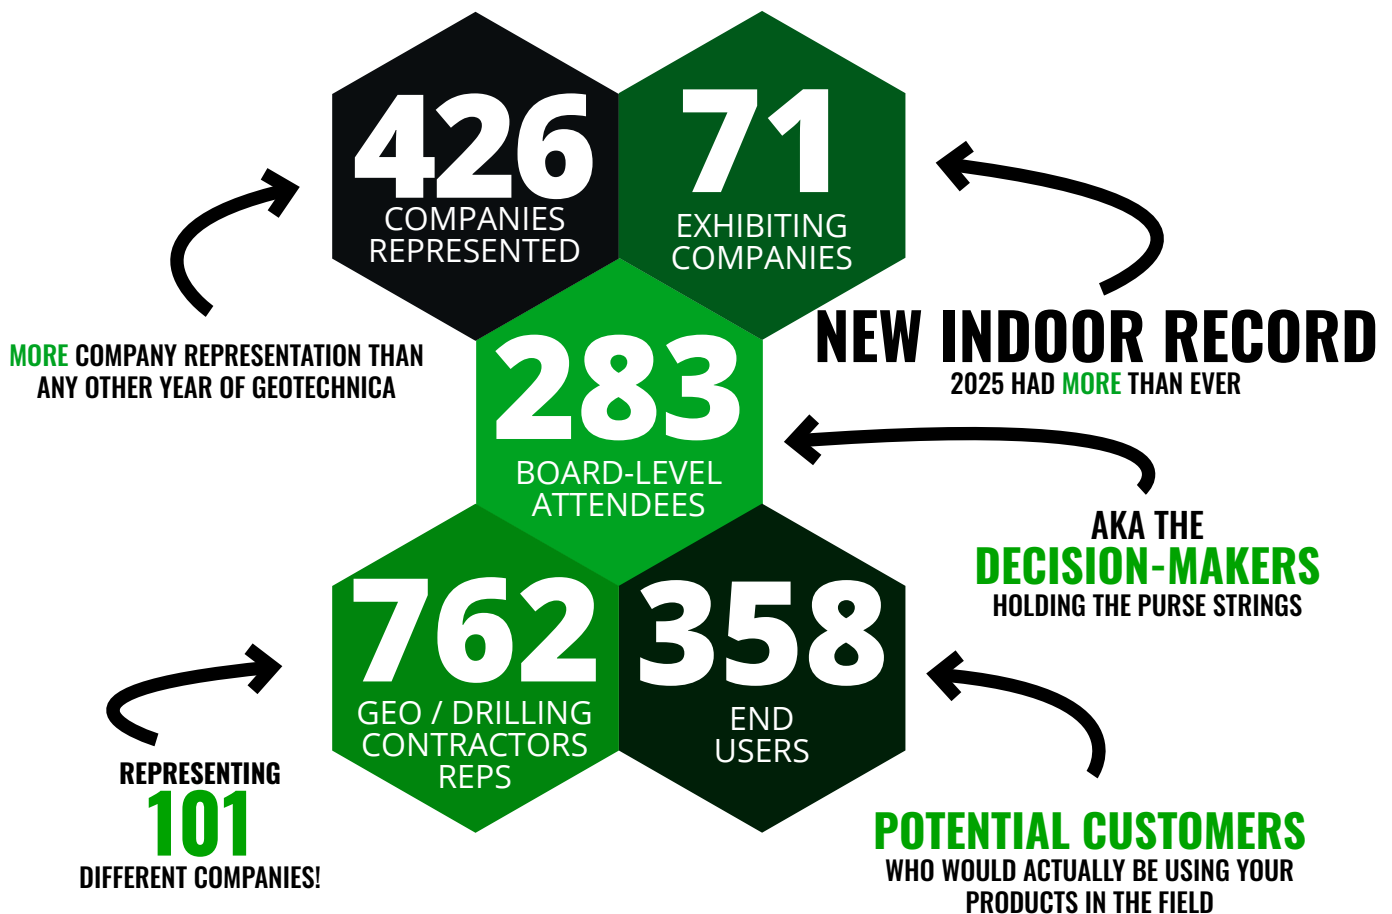

Afitexinov UK	Ischebeck Titan Ltd
AGS	JJMac Ground Stabilisation
Anchor Systems (International) Ltd	John Laurie Tubulars
AP Lifting	Landmark
Archway Engineering	Leca UK
Borehole Solutions	LMCL (Land & Minerals Consulting)
British Drilling Association	Marshall Drilling
Cambridge Insitu	MGS
Davis Trackhire	Mining Remediation Authority
Drillplus	Minova
Elite GSS (MultiMatts)	Moorend
Equipe Group	MRF Contracting
euroloo	National Highways
European Geophysical Services	Oasys Software
Fielders	Pebble Geo
Foamed Glass UK	Robertson Geo
Forkers	Rockbit UK
Fugro GB Ltd	RSK Geosciences
Future Drilling Services	Safer Rig Services
GenAir	Sandvik Ground Support
GEO5 / AEC Software	Seequent
GeoEnviro Solutions	Soil Engineering
Geosense	Soil Instruments
Geotec UK	SoilCloud
Geotechnical Engineering	Sol Solution
Geotechnical Observations	SoTech Studio/GIMLabs
Geoterra	Strata Geotechnics
Grassform Group	Stuart Wells
Ground Control	TerraDat
Ground Source Heat Pump Association	Terra Sonic International
Groundsure	Vulcan Offshore
i2 Analytical	W Smart Construction
Igne	Wheeler SI
In Situ Europe	White Rabbit Site Investigation
In Situ Site Investigation	Zetica
