OVERVIEW

Geotechnica is the **UK's Premier Geotechnical Conference and Exhibition.**

2026 will mark the 17th Geotechnica event and will have a **host of new and exciting features** to compliment the already highly successful and acclaimed Trade Show, Product Exhibition and Geotechnical Conference.

The event was developed to **bring together all segments of the geotechnical industry** and appeals to all stakeholders, from suppliers and manufacturers through contractors to clients. It brings the disparate parts of our industry together at a **single focussed event**, helping to promote the specialist services, products and innovations the industry has to offer.

Geotechnica aids industry growth and development through the **building of business relationships**, the introduction of new products and innovations and the imparting of knowledge and advice. The aim of Geotechnica can be summarised by the event's raison d'être: **Communicate, promote, network and learn.**

We have created this document to outline the packages available to Sponsor or Exhibit at the event.

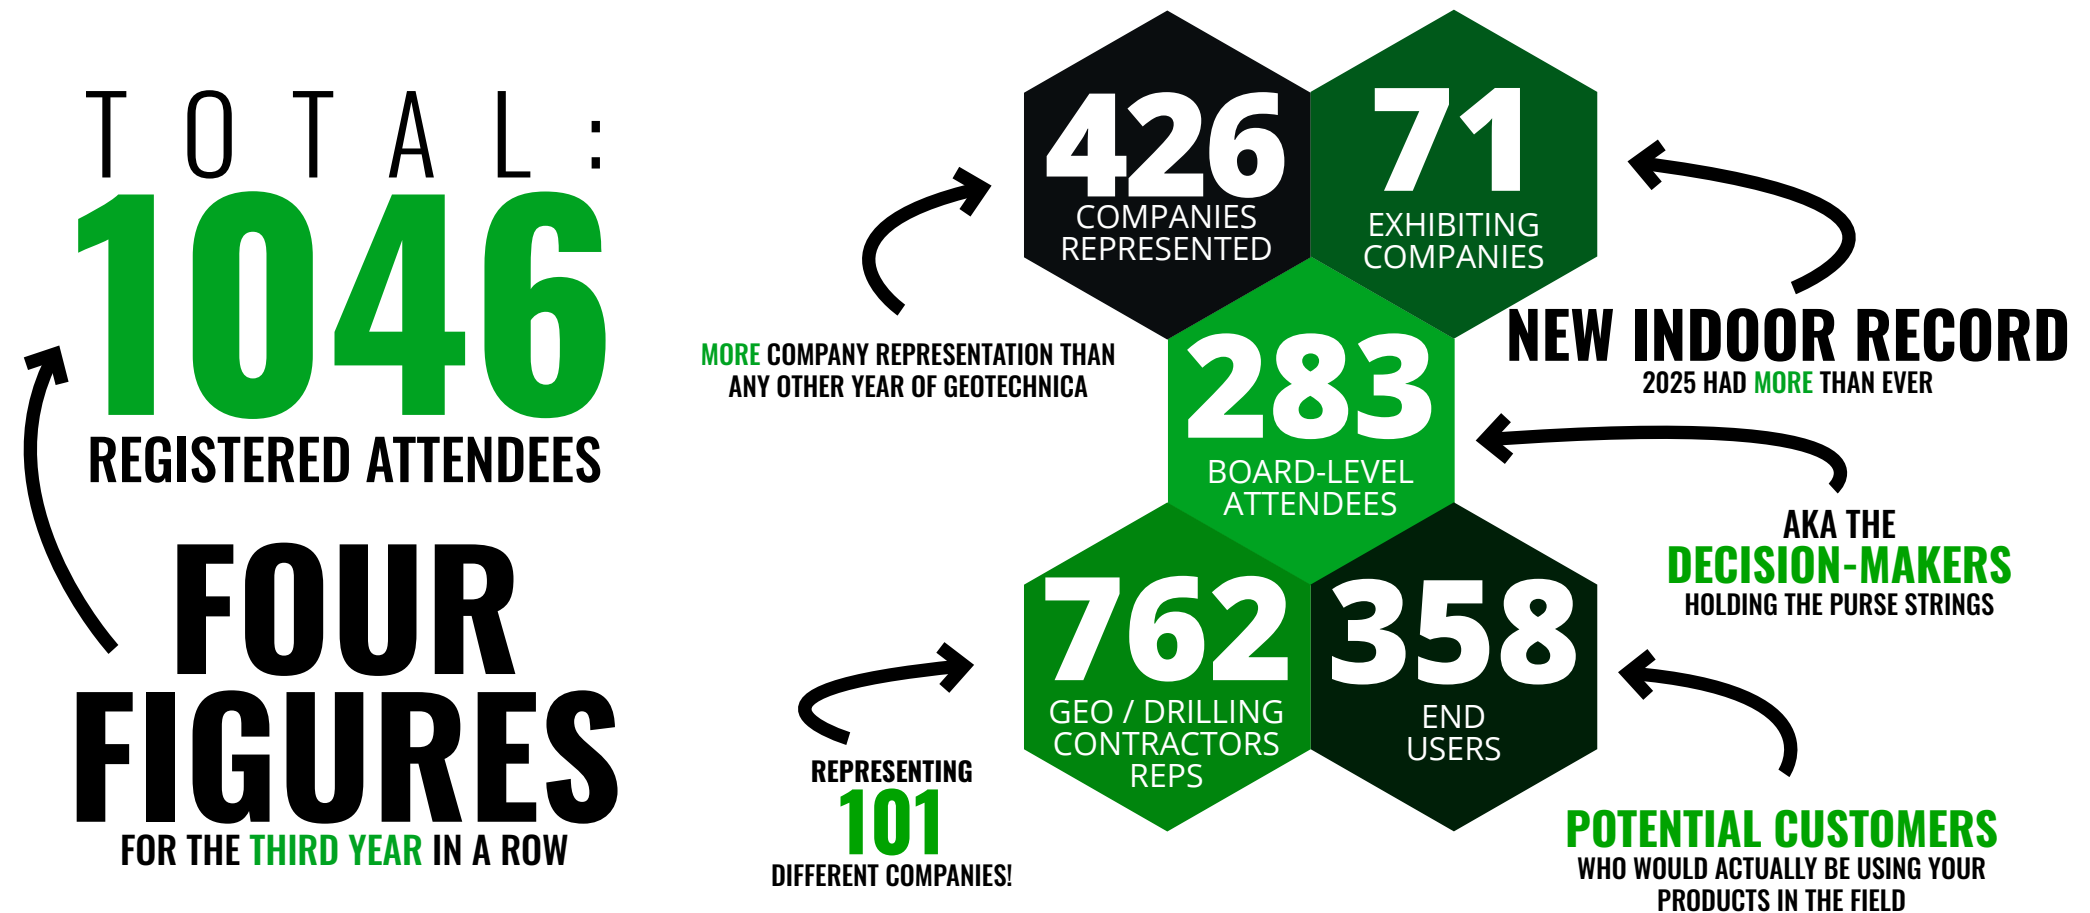

Please take the time to review the packages, and if you have any further questions or queries, please don't hesitate to get in touch to discuss.

SUPPORTING STATISTICS

Below are some statistics on attendees from Geotechnica 2025 to give you a guide on what to expect in terms of total audience and the segmentation breakdown of who attended the event.

WHAT'S INCLUDED IN THE SPONSORSHIP PACKAGES?

Sponsorship of Geotechnica is all about maximising bang-for-your buck. What added extras can you get to increase potential customer touch-points? What perks can you sign-up for to help increase your brand awareness and make sure everyone who searches for or attends Geotechnica knows who you are and what you do?

Sponsoring Geotechnica can be the difference between being lost in the shuffle of other exhibitors, and standing out above the crowd. If keeping your brand and services one step ahead of the competition is an important part of your continuing growth in the geotechnical market, we can help.

Geotechnica's competitively priced sponsorship options provide the perfect opportunity to ensure your business remains at the forefront of everyone's mind.

Our differing levels of sponsorship offer increasing levels of exposure, from a flyer placed into every Visitor Bag, to full, exclusive branding and sponsorship of our geotechnical conference, our sponsorship can put your brand in front of the right sets of eyes.

If you want your logo on it, we'll make it happen. Provided someone hasn't beaten you to it, that is!
